POPULARITY OF MINING GROWING ALARMING RATE

Southern Nevada Mining Fields Most Popular Among Great Investing Public

TARIFF SHOWS EFFECTIVENESS

Pursestrings of Financiers Are Unloosened and Prosperity Knocking at Our Doors

Despite the unsettled conditions in a result of dissensions in labor circles the Tonopah and Divide districts as brought about through the demand of the miners for a wage increase, there has been no curtailment of development, and people generally feel that an amicable adjustment of all matters will ultimately be brought about to the satisfaction of both employer and employee. The mines continue operating at full capacity, and it is expected that the recovery of the economy as is now fully expected, then we will continue with our march of progress and prosper as never before in our history.

Now that the country is entering upon an era of great prosperity as a result of the new tariff law becoming operative, the time is ripe of taking advantage of every opportunity for the rebuilding of every community in southern Nevada. The outstanding feature of the last week was the official announcement that \$100,000 had been placed at the disposal of the management of the New Gibraltar Silver Mining company for the development of one of the most promising silver properties that has been discovered in any outside camp from Tonopah in a long period. Harry C. Shiner, moving spirit in the company, is making ready for the inauguration of a comprehensive campaign of development, and within a very short time there will be a bona fide activity at the seat of operations.

Tonopah continues to set the march of progress, as is plainly evidenced from the strength that local stock issues have manifested during the last three weeks. Tonopah Extension shares sold on Friday at \$3.50, and those who might be in a position to know whereof they speak admit that these shares will continue to advance. This property can justly be classed among the big winners of the west, and there is just a reasonable belief to surmise that eventually it will be recognized as the greatest silver producer in the world. Installation of a pumping system at a cost of \$100,000 has practically been completed and henceforth we can look for the scope of development being enlarged, which means that the production will be augmented in a most substantial manner.

The West End Consolidated is reported to have taken over complete control of the Halifax mine through the purchase of the stock held by the Kearns heirs. The company owned something like 800,000 shares.

CHINA DECIDES TO IGNORE SOVIET DIPLOMACY
PEKING, Oct. 7.—The attitude of the great powers toward the Moscow soviet government, it is believed in official circles here, will defeat the plans of Adolph Joffe, soviet envoy, for resumption of diplomatic relations between China and Russia.

CARD OF THANKS
We wish to thank all those who donated so generously toward the benefit fund sale held last Saturday at the United Market. We want to thank each and every one who helped to make it a success.

PERSONAL

J. A. MURPHY, popular hardware traveling representative, is calling upon the Tonopah trade.

ROGER "ONIE" DOUGHERTY has gone out to his ranch to finish the harvest season.

PETE MASTRASI, well-known resident of Round Mountain, was an arrival in town last night to look after business interests.

MISS EULA RICHMOND, who has been visiting with her aunt, Mrs. J. Klinger, for the last two months, has returned to her home on the coast.

H. D. KING, secretary-treasurer of the Orleans-Hornsilver Mining company, was over from Goldfield last night calling upon friends.

GUS HANSEN, well-known mining man and superintendent of the Brougher Divide Mining company, is home from a business visit to Reno.

GEORGE B. THATCHER, well-known Reno attorney, was an arrival in Tonopah this morning to look after business matters.

E. J. EICKSON, secretary of the Tonopah Divide Mining company, departed this morning for San Francisco on an important business mission.

BEN D. LUCE, silver farmer, accompanied by Fred Wilson, left yesterday for Butte, and they will later proceed to Randaburg to look over that district. They expect to be absent about two weeks.

GEORGE A. FOSTER, vice president of the Fish Lake Merger Oil company, left this morning for Los Angeles, where he will meet capitalists who are interested in the future of the Nature Products company.

CHARLES WILLITT, superintendent of the Buckhorn property at Stone Cabin, which is being operated by the Wilson Divide Mining company, is a visitor to Tonopah. He reports the mine as making a splendid showing.

R. J. KELLY of the Campbell & Kelly company, who has been at San Francisco for the last two weeks looking after matters in connection with the Ben Hur Divide Mining company, operating at Randaburg, will arrive home tomorrow morning.

CHARLES D. KROUGH, well-known rancher of Reese river and Peavine, is in town this morning as a candidate for assemblyman from Nye county as a republican, and being widely acquainted throughout Nye county, his election seems to be assured.

ALBERT KELLY is expected home tomorrow morning from a visit of two weeks at San Francisco and Randaburg, where he has been giving his attention to the affairs of the Ben Hur Divide Mining company, which controls one of the most promising mines in that camp.

and with the purchase just made here remains little Halifax stock outstanding, and this accounts for the sharp advance in the price of shares, that became most noticeable on Friday.

Tonopah Belmont Development company has started some important exploratory work on the 1500 level and new territory is to be explored. Operations in the mine are being prosecuted on eight different levels, but ore reserves are not as strong as heretofore, although the big mill is dropping 60 stamps. Heavy shipments are being received from outside properties, and as a result the production of the plant runs around 100,000 every fifteen days.

The Divide district is showing more activity than at any time in a long period, and shares in a number of companies have been showing much strength. Many issues are called that had been lying dormant for months, and the exchange is enjoying a healthier business than at any time during the last two years.

Pioneer, in the southern end of Nye county, is humming along merrily, and two of the most important pieces of development that are being carried forward in the various camps are on the 800-foot level of the Pioneer and the campaign of exploration that is going forward on the Mayflower Consolidated. This district gives promise of jumping into the limelight within the next few weeks or months by reason of these activities, as well as the activities of other owners of property in that section.

The outside districts are unusually active. Especially does this hold good of Argentine, Silver Peak, Stone Cabin, Silver Bow, Belchell, Clifford, Eden Creek, Taylor, Round Mountain, Gibraltar, Manhattan, Silverton, Klondyke, Hannanah, Royston and Hornsilver. Perhaps the busiest place just at present is Manhattan, the gold camp of Nye county, where people are busy, as well as optimistic, concerning the future. The White Caps mill is grinding away night and day and the production is averaging around \$30,000 net each month. Construction work on the new mill for the Manhattan Consolidated Mines company will soon be in order and it is hoped to begin ore treatment inside of 90 days. This mill will have a capacity of 50 tons daily, and engineers estimate that there is in sight no less than \$1,000,000 in ore of a commercial grade.

AMUSEMENTS

WILLIAM RUSSELL IN A GREAT PICTURE

William Russell, who is among the most popular of film stars, will be seen at the Butler today in a picture called "A Self-Made Man." Not only has he an excellent story in which are mingled fine comedy and dramatic incident, but his personal work is equally good in both phases. The direction of the picture is above the average, the settings are particularly well done and the cast well chosen.

The actress who plays the sweet heart in the story is Renee Adoree. Her portrayal is truly delightful. She is an ideal foil for the husky star. No one should neglect an opportunity to see "A Self-Made Man." It has some exciting scenes, among them a boxing match. There are many deft touches of delightful comedy and an absorbing love theme. The entire production reflects painstaking care. Added to the program a two-reel Clyde Cook special comedy, "The Guide."

Tomorrow: Gladys Walton, in "The Wise Kid," a comedy drama, and the sixth chapter of "Robinson Crusoe," the story the whole world knows.

Monday: Douglas Fairbanks, in "The Nut."
